This is a fairly basic, generic results sheet templates produced in 'Open Office .ods format and also

Save a copy of this spreadsheet template before using it so that you have a blank one for use anoth

Don't worry about hiding or deleting rows that are not required as I can do that as necessary after I'\

If you need to add rows for additional competitors – highlight/right click an empty row number in the You will then need to highlight/click the 'result' cell above or below the new row and drag/copy it into

To sort the results into order; highlight the category (Pre-Unit, Unit etc.) from the bottom right cell in If you have any concerns about sorting the results into order leave it unsorted and I'll do it.

I'm no expert in these matters, just picked it up as I've gone along so if you know ways to make this
